

One Last Poem Before I Die

hurls it high
celebration
too fooled, in school
connect the fish
but date the dish
formidable conclusions well
up on the outside, inside
it can she bit foe
i amount to nothing
you remember me not
a circle twist, umbilical
nonsense butt
you read the meaning
it inside, outside
it can she bit foe
bolo tie, incredible
feathered, monster
ert et bernie, surly, tilt-a-whirly,
me, yours, mine, field, esses
and tees, sissy boy, mitochondrial dna
spells three letters, bel biv devoe,
this is all before the laundromat
and the apocalypso, dance, buddies,
i'm going down the path

i've got a pad of math
